

NET ILETISIM COMPANY BACKGROUND

NET ILETISIM is one of the AVAYA Business Partners in TURKEY.

Our company is authorized reseller for AVAYA products and services such as IP Telephony, Contact Center and Unified Communications solutions since 2006. NET ILETISIM also gives technical support services such as installation and maintenance services to its customers for all range of Avaya products. NET ILETISIM has been awarded by AVAYA as **“The Best e-Government Partner”** three times for the years 2006, 2007, and 2008.

NET ILETISIM was founded in September, 1991 as a service company for selling, implementing and maintaining PPX systems in central Turkey region. The company became one of the largest Business Partners of Nortel Networks/Netaş in a short time after its foundation. We have been serving hundreds of Nortel Networks PBX customers since 1991.

NET ILETISIM has been selling and supporting telecommunication solutions for the companies from small offices to large enterprises. We are acting as an integrator company for Telecommunication Systems and Services.

NET ILETISIM has offices in Ankara and partners in most of the cities in Turkey. NET ILETISIM has a specialized sales and technical staff which build up from certified Avaya engineers and technicians.

We give special importance to the quality management. To maintain this quality for our services and supports, NET ILETISIM holds ISO 9001-2000 Certificate.
